

Wile E. Coyote

and the Wile E. Willys

M719-200

Wile E. Coyote

and the Wile E. Willys

Snapit

MODEL KIT

READ THIS BEFORE YOU BEGIN BUILDING.

Look over the instructions. Remove small parts from "runners" very carefully. MPC kits are made of the highest quality styrene plastic. Use only paint made for styrene. Trim off excess plastic or "flash". Follow the instructions carefully. The parts are numbered in their assembly order. No glue is needed in the building of this kit. However if you desire to use glue, for strength, use only glue made for styrene plastic (such as NOTOX).

Chrome plated part **6**

Non plated part **15**

Part number 103

1

COMPLETED ASSEMBLY

2

Be careful not to break pins.
