(from areas to be cemented.)

All parts are numbered in order of their assembly. Plan your car carefully before beginning assembly. It is best to paint your model before assembly. Use only paint and cement recommended for styrene plastic. Wash parts in warm soapy water before painting. Chrome parts are indicated by (C). Scrape plating and paint from areas to be cemented.

Coment

Note: Use a toothpick for applying

cement to tiny parts.

RADIATOR-BLOWER ASSEMBLY

All parts numbered in order of their assembly.

WHEELS

All four wheels assemble in the same manner.

INTERIOR

All parts numbered in order of their assembly. Assemble instrument panel before you cement instrument panel to interior.

CHASSIS -

If you are going to paint your car, cement rear roll pan and front roll pan to body and allow time for cement to dry before painting.

FRONT END
